

Romeo and Juliet

Kidbrooke School and Arts College have performed one of Shakespeare's most famous plays, Romeo and Juliet - with a modern twist. The two factions, the Montagues and the Capulets, live in two council estates.

The story is based on two lovers belonging to two different factions, Romeo is from the Montagues and Juliet is from the Capulets. Being from opposing clans means that they are not allowed to even associate with each other, yet they go out on dates. But this does not stop them trying... The story explores how these lovers secretly meet and how they come to a tragic end. It is performed at the Greenwich Theatre and has won the 'Fringe Report Award' for best play. It is definitely a must see. They performed on the 25th, 27th, and the 28th of March, 2009. It was also shown on the 26th of March as a fund-raiser for the Damilola Taylor Trust.
