

WEEK TWO: Day Three Outdoor Pursuits

Well the sunshine seems to have disappeared today as we said goodbye to Miss Taylor so I hope she has arrived back safely?!

As the rain began to pour the delightful multi coloured waterproofs made their techno-coloured appearance as groups assembled for the day's activities. The hill walking group was going for a low level walk due to conditions but as we made our way (and yes I was down for a second hill walk!) we made our scramble up to Dale Head instead. I was particularly pleased with Anna Beasley, Hannah Skevington and Lulu Price who had gritting determination to overcome fears and the challenges the climb had in store in not too pleasant conditions.

So climbing fell foul to the weather and Keswick Climbing Wall became the group's venue before moving to Sheppard's Crag for the abseiling. Tommy Thurston, Hannah Orde and Koral all shone like Spiderman as they moved with ease and grace up the wall. In the abseiling Izzie Manuel and Anna Foley Hannah Orde all descended with ease.

Here's hoping that tomorrow starts to shine again as more hill walking, climbing and abseiling are the order of the day.

Signing out for now until tomorrow internet permitting!
