

# Colfes 'B' Vs John Fisher

Friday 1<sup>st</sup> Feb 08

This match was not one of the best matches the "B team" has played. We lost by quite a lot 39-5 to Skinners. We travelled to Surrey, Purley to be given a tough lesson in rugby.

In this match Colfe's started of asleep and with their brains switched off. We kicked off and it went straight into the arms of a Fisher player. They were closing in on us at fast pace, and after good tackles by the Colfe's boys and a ruck formed. The game was still even and then Fisher scored. They got the conversion and it took them into a lead of 7-0. At half time Fisher were winning by a couple of tries. As Mr. Fishwick called us in for halftime break he said "boys we are still asleep and we need to switch our brains on". We had a long chat and with Cian Barry as captain he asked him if he had anything to say he said "not much just to pick the pace up and switch on." As we went into the second half with John Fisher ahead they kicked off and shortly after they scored. After they

scored we got the ball and Cian got it out to Reece and he ran through 3 people and passed it out to Ope and he touched it down for a try. Luke took the conversion and it missed by quite a bit. Fisher scored again and put big pressure on Colfe's. Fisher didn't stop scoring and Colfe's let their heads go down and didn't play properly and Fisher took over and the final score was 39-5 to John Fisher.
