

CHILD PROTECTION, SAFEGUARDING

and

STAFF CODE OF CONDUCT POLICY

STATEMENT OF INTENT

The safety and welfare of all our pupils at Colfe’s School is our highest priority. Our business is to know everyone as an individual and to provide a secure and caring environment so that every pupil can learn in safety. In all matters relating to child protection the school will follow the procedures laid down by our own (or where appropriate the relevant child's) Local Safeguarding Children Board (LSCB) which is Greenwich, together with DfE guidance contained in Working Together to Safeguard Children (July 2018) and Keeping Children Safe in Education (September 2018). This policy is applicable to the whole school community, [including those pupils in the Early Years Foundation Stage (EYFS)] and considers at all times what is in the best interests of the child.

All members of staff have a duty to safeguard our pupils' welfare and must therefore familiarise themselves, and comply at all times with this policy. All school staff should be aware that safeguarding incidents can happen at any time and anywhere and are required to be alert to any possible concerns.

--	--

POLICY STATEMENT

This policy applies to Colfe's which includes the EYFS setting. This policy is reviewed and updated annually as a minimum and is available on the School website.

This policy has regard to the following guidance and advice:

- Keeping Children Safe In Education (September 2018) ('KCSIE')
 - Disqualification under the Childcare Act 2006 (June 2016)
 - What to do if you're worried a child is being abused: advice for practitioners (March 2015)
- Working Together to Safeguard Children (July 2018)
 - Information sharing: advice for practitioners providing safeguarding services (July 2018)
- Revised Prevent Duty Guidance for England and Wales (July 2015 updated March 2016)
 - The Prevent Duty: Departmental advice for schools and childminders (June 2015)
 - The use of social media for on-line radicalisation (July 2015)

This policy also takes into account the procedures and practice of Greenwich local authority as part of the inter-agency safeguarding procedures set up by the Greenwich Local Safeguarding Children Board.

CONCERNS ABOUT A CHILD

The School has a duty to consider at all times the best interests of the pupil and take action to enable all pupils to achieve the best outcomes. Safeguarding and promoting the welfare of children is **everyone's** responsibility.

The School has arrangements for listening to children and providing early help. We follow the guidance from Greenwich Early Help Partnership in relation to providing good quality early help based on our learning of what works.

Definitions of Safeguarding and Types and Signs of Abuse

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). Abuse can take place wholly online or technology may be used to facilitate online abuse. They may be abused by an adult or adults or by another child or children. Abuse can be:

- physical abuse
- emotional abuse
- sexual abuse; and/or
- neglect.

Staff are referred to **Appendix 1** of this policy for further detail of the types of abuse and possible signs of abuse.

PROCEDURES FOR DEALING WITH CONCERNS ABOUT A CHILD

If staff suspect or hear an allegation or complaint of abuse or neglect from a child or any third party, they must follow the relevant procedure below. Staff should not assume that somebody else will take action and share information that might be critical in keeping children safe.

All staff should:

- listen carefully
- avoid asking leading questions
- reassure the individual that the allegation/complaint will be taken seriously
- not guarantee absolute confidentiality (as this may ultimately not be in the best interests of the child) and explain that the information needs to be passed to the appropriate person who will ensure that the correct action is taken.}

All concerns, discussions and decisions together with reasons made under these procedures should be recorded in writing on a Child Welfare Concern Form found here: T:\301 - DIRECTOR OF PASTORAL CARE\Child Protection. The record should include the date, time and place of the conversation and detail of what was said and done by whom and in whose presence and signed by the person making it.

Where there is a safeguarding concern, the School will ensure the pupil's wishes and feelings are taken into account when determining what action to take and what services to provide. This is particularly important in the context of harmful behaviours, such as sexual harassment and sexual violence. The School manages this by speaking directly with the pupil and informing them of the next steps needed to ensure their safety. The School acknowledges the importance of the 'voice of the child' and operates its processes with the best interests of the pupil at their heart.

Early Help

Any child may benefit from early help but all staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health and care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

In the first instance, staff who consider that a pupil may benefit from early help should discuss this with the School's DSL. The DSL will consider the appropriate action to take in accordance with the appropriate Safeguarding Children Board referral threshold document. The DSL will support staff in liaising with external agencies and professionals in an inter-agency assessment, as appropriate. If early help is appropriate, the matter will be kept under review and consideration given to a referral to children's social care if the pupil's situation does not appear to be improving.

What staff should do if they have concerns about a child

If staff (including governors, agency staff and volunteers) have any concerns about a child (as opposed to a child being in immediate danger), they should, where possible, speak with the School's DSL to

agree a course of action although staff can make a direct referral to children's social care. As set out above, staff should not assume that somebody else will take action and share information that might be critical in keeping children safe. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. If a child's situation does not appear to be improving, the DSL should press children's social care for reconsideration. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

What staff should do if a child is in danger or at risk of harm

If staff (including governors, agency staff and volunteers) believe that a child is in immediate danger or at risk of harm, they should make an immediate referral to children's social care and/or the Police. **Anyone** can make a referral. Any such referral must be made immediately and in any event within 24 hours (one working day) of staff being aware of the risk. Parental consent is not needed for referrals to statutory agencies such as the police and children's social care. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

The School's Local Safeguarding Children Board is Greenwich. A full copy of their local procedures can be on their website: <https://www.royalgreenwich.gov.uk/site/>

What staff should do if a child is seen as at risk of radicalisation

Staff should follow the School's normal referral processes when there are concerns about children who may be at risk of being drawn into terrorism, as set out above. This may include a referral to Channel or children's social care depending on the level of risk. However, if staff have concerns that there is an immediate/significant risk of a child being drawn into terrorism they must call 999 or submit a referral form to MASH or call them directly. Advice and support can also be sought from children's social care.

The School, in recognition that pupils may be at risk of being drawn into terrorism or other forms of extremism, carries out appropriate risk assessments (following consultation with local partners, such as the Police) of the potential risk in the local area. Such risk assessments are discussed with the Head, DSL and governors responsible for safeguarding to ensure the School's safeguarding arrangements are sufficiently robust to help prevent and protect children from being drawn into terrorism and are regularly revised.

What staff should do if they discover an act of Female Genital Mutilation ('FGM')

Staff must report to the Police cases where they discover that an act of FGM appears to have been carried out. Unless the member of staff has a good reason not to, they should still consider and discuss any such case with DSL and involve children's social care as appropriate. Staff are referred to **Appendix 1** of this policy for the procedure to be followed where they suspect that a pupil may be at risk of FGM.

What staff should do if a child goes missing from education

Children who go missing from education, particularly on repeat occasions, is a potential indicator of abuse or neglect. The School's procedures for unauthorised absence and for dealing with children who go missing from education are found in our Missing Child Policy which is used for searching for, and if necessary, reporting, any pupil missing from education. Further detail can also be found in the Missing Child Policy.

The School will report the appropriate Local Authority, normally Greenwich, a pupil who fails to attend school regularly or has been absent from school without the School's permission for a continuous period of 10 school days or more.

What staff should do if they have concerns about another staff member

If staff have concerns about another staff member, then this should be referred to the Head. Where there are concerns about the Head, this should be referred to the Chair of Governors. In the event of allegations of abuse being made against the Head, staff are referred to the procedures below regarding managing allegations of abuse against staff (including volunteers) and refer the matter directly to the designated officer(s) for Greenwich.

What staff should do if they have concerns about safeguarding practices in the school

The School aims to ensure there is a culture of safety and raising concerns and an attitude of 'it could happen here'. Where staff have concerns about poor or unsafe practices and potential failures in the School's safeguarding systems, these should be raised in accordance with the School's whistleblowing procedures which can be found in the Whistleblowing Policy. There will be no disciplinary action taken against a member of staff for making such a report provided that it is done in good faith.

If staff and volunteers feel unable to raise an issue with the School or feel that their genuine concerns are not being addressed, they may use other whistleblowing channels, such as the NSPCC whistleblowing advice line. Contact details for the NSPCC helpline can be found on the Key Contacts page at the start of this policy.

ARRANGEMENTS FOR DEALING WITH PEER-ON-PEER ALLEGATIONS

Peer-on-peer abuse is abuse by one or more pupils against another pupil. It can manifest itself in many ways and can include sexting, sexual assault, gender-based issues and harmful sexual behaviours including sexual violence and sexual harassment. Abusive comments and interactions should never be passed off or dismissed as "banter" or "part of growing up". Nor will harmful sexual behaviours be dismissed as the same or "just having a laugh". The School recognises that a child is likely to disclose an allegation to someone they trust: this could be any member of staff. By making such a disclosure the pupil is likely to feel that the member of staff is in a position of trust.

The School recognises that children can be particularly vulnerable in residential settings and are alert to the potential for peer-on-peer abuse. See Educational Visits Policy.

The School takes the following steps to minimise the risk of peer-on-peer abuse:

- effective implementation of the school's usual safeguarding and harmful and abusive behaviours (anti-bullying) policies (and recognition that sexualised abuse, including verbal abuse, by peers is a potential safeguarding issue);
- seeking advice from statutory agencies, as appropriate, and readiness to make a referral if an incident meets the referral threshold set by the Local Safeguarding Children Board;
- if a child is in immediate danger or is at risk of harm, an immediate referral to children's social care and/or the police;
- following the advice for practitioners in: *What to do if you're worried a child is being abused*;
- effective information sharing with any agencies or other professionals involved;
- where allegations of abuse or assault have been made against one or more of its own pupils, a thorough risk-assessment of the situation and risk-based decision-making (with the benefit of the advice of statutory authorities, where appropriate) should be carried out with a view to ensuring the safety of all pupils and that both alleged victims and perpetrator pupils receive appropriate support. Decisions arising might include, for example, whether the accused pupil should be removed from school for a period, or from certain classes, whether contact with certain individuals should be prevented or supervised, the availability of counselling, the adequacy of arrangements for listening to children etc:
- good record keeping of related conversations, meetings and communications.

We also refer to guidance sent out in May 2018 by the government,

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/719902/Sexual_violence_and_sexual_harassment_between_children_in_schools_and_colleges.pdf

Where an issue of pupil behaviour gives 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm', staff should follow the procedures below rather than the School's Harmful and Abusive Behaviours (anti-bullying) and Behaviour Management policies:

A pupil against whom an allegation of abuse has been made may be suspended from the School during the investigation. The School will take advice from the LCSB on the investigation of such allegations and will take all appropriate action to ensure the safety and welfare of all pupils involved including the alleged victim and perpetrator. If it is necessary for a pupil to be interviewed by the Police in relation to allegations of abuse, the School will ensure that, subject to the advice of the LCSB, parents are informed as soon as possible and that the pupils involved are supported during the interview by an appropriate adult and until the investigation is completed. Confidentiality will be an important consideration for the School and advice will be sought as necessary from the LCSB and/ or the Police as appropriate.

Police may be informed of any harmful sexual behaviours which are potentially criminal in nature, such as grabbing bottoms, breasts and genitalia. Rape, assault by penetration and sexual assaults will be passed to the police. If the DSL decides to make a referral to children's social care and/or a report to the police against a victim's wishes, the reasons should be explained to the pupil and appropriate specialist support offered.

The School's approach to sexting is in line with guidance set out by the government in Sexting in schools and colleges, UK Council for Child Internet Safety

When an incident involving youth produced sexual imagery comes to a school's attention:

- The incident should be referred to the DSL as soon as possible
- The DSL should hold an initial review meeting with appropriate school staff
- There should be subsequent interviews with the young people involved (if appropriate)
- Parents should be informed at an early stage and involved in the process unless there is good reason to believe that involving parents would put the young person at risk of harm
- At any point in the process if there is a concern a young person has been harmed or is at risk of harm a referral should be made to children's social care and/or the police immediately.

In the event of disclosures about pupil-on-pupil abuse, all children involved (both victim and perpetrator) will be treated as being at risk and safeguarding procedures in accordance with this policy will be followed. Victims will be supported by pastoral staff and support from external agencies will be sought, as appropriate.

When there has been a report of sexual violence, the DSL will make an immediate risk and needs assessment. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- the victim;
- the alleged perpetrator; and
- the other children (and, if appropriate, staff) at the School.

Risk assessments will be recorded and kept under review. In relation to a report of sexual violence or sexual harassment, the DSL will reassure any victim that they are being taken seriously and that they will be supported and kept safe. The victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment; nor would a victim ever be made to feel ashamed for making a report. The DSL will consider the risks posed to pupils and put adequate measures in place to protect them and keep them safe. This may include consideration of the proximity of the victim and alleged perpetrator and considerations regarding shared classes, sharing school premises and school transport.

ARRANGEMENTS FOR DEALING WITH ALLEGATIONS OF ABUSE AGAINST TEACHERS AND OTHER STAFF (INCLUDING THE HEAD, GOVERNORS AND VOLUNTEERS)

The School's procedures for managing allegations against staff who are currently working in the School follows Department for Education statutory guidance and Local Child Safeguarding Board arrangements and applies when staff (including volunteers) have (or are alleged to have):

--

- Behaved in a way that has harmed a pupil, or may have harmed a pupil;
- Possibly committed a criminal offence against or related to a pupil; or
- Behaved towards a pupil in a way that indicated that they may pose a risk of harm if they were to work regularly or closely with children¹.

Allegations against a teacher who is no longer teaching should be referred to the Police. Historical (non-recent) allegations of abuse should be referred to the Police and also the LADO.

If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation of allegations without prior consultation with the Local Authority 'designated officer' or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the School may discuss informally with the 'designated officer' on a no-names basis.

All allegations should be investigated as a priority to avoid any delay.

1. All allegations which appear to meet the above reporting criteria are to be reported straight away to the 'case manager' who is the Head OR to the DSL. If an allegation is reported to the DSL, the DSL will keep the Head informed. Where the Head OR DSL is absent or is the subject of the allegation or concern, reports should be made to the Chair of Governors, Matthew Pellereau, 020 8463 8670. Where the Head OR DSL is the subject of the allegation or concern, the Head OR DSL must not be informed of the allegation prior to contact with the Chair of Governors and designated officer.
2. The case manager should immediately discuss the allegation with the designated officer and consider the nature, content and context of the allegation and agree a course of action including any involvement of the Police. (Where the case manager deems there to be an immediate risk to children or there is evidence of a possible criminal offence, the case manager may involve the Police immediately.) All discussions should be recorded in writing, and any communication with both the individual and the parents of the child(ren) agreed. The designated officer should be informed within one working day of all allegations that come to the School's attention and appear to meet the criteria or that are made directly to the Police and/or children's social care.
3. The case manager will ensure that the individual who is subject of the allegation is informed as soon as possible and given an explanation of the likely course or action, unless there is an objection by children's social care or the Police. The case manager will appoint a named representative to keep the individual informed of the progress of the case and will consider what other support is appropriate for the individual.
4. The case manager should give careful consideration as to whether the circumstances of the case warrant suspension or whether alternative arrangements should be put in place until the allegation is resolved. The case manager will give due weight to the views of the designated officer and *KCSIE* when making a decision about suspension. Where the individual is suspended, the case manager will ensure they know who their point of contact is in the School and shall provide them with their contact details.
5. The case manager will ensure that parents are informed as soon as possible and kept informed about progress of the case, subject to any advice from children's social care or the Police.
6. The case manager will discuss with the designated officer whether a referral to the Disclosure and Barring Service or National College for Teaching and Learning should be made where an allegation is substantiated and the person is dismissed or the School ceases to use their services, or the person resigns or otherwise ceases to provide their services. The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of

harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. Further, or in the alternative, if an investigation leads to the dismissal or resignation prior to dismissal of a member of teaching staff specifically, the School must consider making a referral to the National College for Teaching and Leadership and a prohibition order may be appropriate (because that teacher has displayed unacceptable professional conduct, conduct that may bring the profession into disrepute or a conviction at any time for a relevant offence).

7. On conclusion of the case, the case manager should review the circumstances of the case with the designated officer to determine whether there are any improvements to be made to the School's safeguarding procedures or practices to help prevent similar events in the future.

The School will make every reasonable effort to maintain confidentiality and guard against unwanted publicity whilst an allegation is being investigated or considered.

Allegations found to be malicious will be removed from the individual's personnel records. In all other circumstances a written record will be made of the decision and retained on the individual's personnel file in accordance with *KCSIE* and a copy will only be provided to the individual concerned.

Allegations proven to be false, unsubstantiated, unfounded or malicious will not be included in employer references. If an allegation is shown to be deliberately invented or malicious, the Head will consider whether any disciplinary action is appropriate against a pupil who made it; or whether the Police should be asked to consider if action might be appropriate against the person responsible even if they are not a pupil.

In all cases where there are concerns or allegations of abuse, the School will make a serious incident report to the Charity Commission whenever the Commission's guidelines deem it appropriate to do so.

STAFF BEHAVIOUR POLICY / CODE OF CONDUCT

The aim of the Staff Behaviour and Code of Conduct policy is to provide clear guidance about behaviour and actions so as to not place pupils or staff at risk of harm or of allegation of harm to a pupil.

POSITION OF TRUST

As a result of their knowledge, position and/or the authority invested in their role, all adults working with children and young people in education settings are in positions of trust in relation to the young people in their care. A relationship between a member of staff and a pupil cannot be a relationship between equals. There is potential for exploitation and harm of vulnerable young people and all members of staff have a responsibility to ensure that an unequal balance of power is not used for personal advantage or gratification.

Staff should bear in mind that it is an offence for a person aged 18 or over, such as a teacher, to have a sexual relationship with a child under 16 where that person is in a position of trust in respect of that child, even if, in the case of those over 16, the relationship is consensual.

Wherever possible, staff should avoid behaviour which might be misinterpreted by others, including their use of social media, and report and record any incident with this potential.

In general, pupils should be encouraged to discuss with their parents, or guardians, issues that are troubling them. It may be appropriate to suggest that a pupil sees the school counsellor or member of the medical staff.

Staff need to ensure that their behaviour does not inadvertently lay them open to allegations of abuse. They need to treat all pupils with respect and try, as far as possible, not to be alone with a

child or young person. Where this is not possible, for example, in an instrumental music lesson, or sports coaching lesson, it is good practice to ensure that others are within earshot, and if there are no windows in the door the door should be left open. Where possible, a gap or barrier should be maintained between teacher and child at all times. Any physical contact should be the minimum required for care, instruction or restraint.

Communication with Pupils

Staff should not give their personal mobile phone numbers or email addresses to pupils, nor should they communicate with them by text message, personal email or personal social media sites. If they need to speak to a pupil by telephone, they should use one of the school's telephones and email using the school system. The group leader on all trips and visits involving an overnight stay should take a school mobile phone with him/her and may ask the pupils for their mobile numbers before allowing them out in small, unsupervised groups. The school mobile should be used for any contact with pupils that may be necessary. The group leader will delete any record of pupils' mobile phone numbers at the end of the trip or visit and should ensure that pupils delete any staff numbers that they may have acquired during the trip.

Physical contact with pupils

There are occasions when it is entirely appropriate and proper for staff to have physical contact with pupils, but it is crucial that they only do so in ways appropriate to their professional role. Staff should, therefore, use their professional judgement at all times. Staff should not have unnecessary physical contact with pupils and should be alert to the fact that minor forms of friendly physical contact can be misconstrued by pupils or onlookers.

A member of staff can never take the place of a parent in providing physical comfort and should be cautious of any demonstration of affection.

Physical contact should never be secretive, or for the gratification of the adult, or represent a misuse of authority. If a member of staff believes that an action could be misinterpreted, the incident and circumstances should be recorded as soon as possible, the DSP informed and, if appropriate, a copy placed on the pupil's file. It is an offence for a person aged 18 or over, such as a teacher, to have a sexual relationship with a child under 18 where that person is in a position of trust in respect of that child, even if, in the case of those over 16, the relationship is consensual.

Physical Restraint

Any physical restraint is only permissible when a child is in imminent danger of inflicting an injury on himself/herself or on another, and then only as a last resort when all efforts to defuse the situation have failed. Another member of staff should, if possible, be present to act as a witness. All incidents of the use of physical restraint should be recorded in writing and reported immediately to the DSP/Head who will decide what to do next. Where this relates to the school's EYFS setting, parents will be informed of any physical restraint used on their child the same day or as soon as reasonably practicable. Please see our school policy on restraint for further details.

Physical education and other activities requiring physical contact

Where exercises or procedures need to be demonstrated, extreme caution should be used if the demonstration involves contact with pupils and, wherever possible, contact should be avoided. It is acknowledged that some staff, for example, those who teach PE and games, or who offer music tuition, will, on occasions, have to initiate physical contact with pupils in order to support a pupil so they can perform a task safely, to demonstrate the use of a particular piece of equipment/instrument or assist them with an exercise. This should be done with the pupil's agreement.

Contact under these circumstances should be for the minimum time necessary to complete the activity and take place in an open environment. Staff should remain sensitive to any discomfort expressed verbally or non-verbally by the child.

Transporting pupils

It is inadvisable for a teacher to give a lift in a car to a pupil alone. Wherever possible and practicable it is advisable that transport is undertaken other than in private vehicles, with at least one adult additional to the driver acting as an escort. If there are exceptional circumstances that make unaccompanied transportation of pupils unavoidable, the journey should be made known to a senior member of staff.

Confidentiality

Staff members should never give absolute guarantees of confidentiality to pupils or adults wishing to tell them about something serious. They should guarantee only that they will pass on information to the minimum number of people who must be told in order to ensure that the proper action is taken to sort out the problem and that they will not tell anyone who does not have a clear need to know. They will also take whatever steps they can to protect the informing pupil or adult from any retaliation or unnecessary stress that might be feared after a disclosure has been made

EQUAL TREATMENT

We are committed to equal treatment for all pupils regardless of gender, sexual orientation, race, disability, religion or belief. We keep a record of racist incidents.

We aim to create a friendly, caring and perceptive environment in which every individual is valued. We endeavour to contribute positively towards the growing autonomy, self-esteem and safety of each pupil. Our staff undertake regular consultation activities with our pupils e.g. through questionnaires, participation in harmful behaviour activities and speaking to children about their experiences at lunchtime and play-times.

Harmful and Abusive Behaviours (Bullying)

Harmful and abusive behaviour, harassment, victimisation and discrimination will not be tolerated. We treat all our pupils and their parents fairly and with consideration and we expect them to reciprocate towards each other, the staff and the school. Any kind of abusive behaviour is unacceptable and the school keeps a record of any incidents. Please see our school policy on harmful and abusive behaviours (anti-bullying) for further details.

DAILY CONDUCT REQUIREMENTS FOR STAFF

Attendance and Timekeeping

Should a staff member need to be absent or expect to be late for any reason, he/she should ask their Head of Department in advance when possible. If this is not possible, he/she is asked to contact the Head of Department at the earliest opportunity.

Smoking

To promote a healthy and pleasant working environment and because of the fire risk, smoking is not allowed anywhere on site.

Alcohol and Illegal Drugs

Consumption of illegal drugs is not permitted on site. Consumption of alcohol is not permitted on site save at a school function or where otherwise agreed when modest amounts of alcohol may be consumed. Employees conduct and performance must not be adversely impacted by alcohol or drugs

when undertaking their duties. Please see the school's Alcohol and Illegal Drugs Policy for more details.

Security

Staff must not remove any school documents from the site nor take any photographs without due permission. The school reserves the right to search the outer clothing, bags, lockers and vehicles etc. of staff members whilst on site. The staff member may have a colleague in attendance on such (rare) occasions.

Personal Appearance

The school regularly receives visits from parents, potential parents and others, and naturally wishes to convey an impression of efficiency and organisation. Therefore, whilst not wishing to impose unreasonable obligations of staff they are, nonetheless, required to look smart in appearance.

Mobility and Flexibility

Due to the demands and nature of the school, staff should be prepared to transfer upon request within departments either temporarily or permanently, to undertake work of a different nature, providing it is reasonable and safe to do so and the staff member is adequately trained.

ACCEPTABLE USE OF TECHNOLOGIES

Use of Mobile Phones and Cameras

Photography and video of pupils will be taken by staff for internal and external promotional use (Notice of Objection to school use of photography and video of a pupil must be provided in writing to the Director of Admissions and Communications). We may use external photographers / video for professional shots and videos under the direction of the Dir of Admissions and Communications. Photographs will only be taken by designated staff member/s. Where photographs are taken by staff to give evidence of children's progress, photos can only be taken on school cameras. They must then be downloaded onto school computers, where they will be monitored. Photos cannot be used or passed on outside the school. NO photos must be taken on a member of staff's personal electronic devices.

In the Junior school mobile phones are not permitted to be used anywhere within the junior school buildings with the exception of school owned technology which is monitored. There must be no photography with in the swimming pool area and at school productions, which we will have filmed and a photographer present. Video/ photographic images of pupils can be taken by parents, carers or relatives at school events with in the grounds, on the basis that they are for private retention and not for publication in any manner, including use on personal websites.

Social Media

Staff are advised to closely and regularly monitor their presence on social media and to keep their privacy settings at their highest.

SAFER RECRUITMENT

The School is committed to safer recruitment processes. Members of the teaching and non-teaching staff at the School including part-time staff, temporary and supply staff, and visiting staff, such as musicians and sports coaches are subject to the necessary statutory child protection checks before starting work, for example, right to work checks, additional overseas checks (if necessary), verifying identity, taking up references, checking work history and confirming medical fitness for the role. For most appointments, an enhanced DBS check with 'barred list' information will be appropriate. A DBS certificate will be obtained from the candidate before or as soon as practicable after appointment.

Alternatively, if the applicant has subscribed to it and gives permission, the School may undertake an online update check through the DBS Update Service.

Full details of the School's safer recruitment procedures for checking the suitability of staff, Governors and volunteers to work with children and young people is set out in the School's Safer Recruitment Policy.

The School's protocols for ensuring that any visiting speakers, whether invited by staff or pupils themselves, are suitable and appropriately supervised is set out below:

VISITING SPEAKERS

Colfe's School works with a multitude of external staff and visiting speakers to help us deliver a range of support and/or additional learning opportunities which will enable our students to develop and reach their potential. Any outside agencies/partners /consultants will be expected to provide proof of identification on the request of a Colfe's School member of staff. A checklist must be completed prior to an outside agencies/partners/consultants/visiting speaker working with students at Colfe's School.

All visitors working with pupils are vetted and, where appropriate, we will ask for evidence of their DBS clearance. A member of Colfe's staff will be present during sessions to support visitors and pupils.

A Checklist (see Appendix 2) is completed by visiting speakers and they are given a copy of our Safeguarding policy and KCSIE Guidance and are asked to read them.

MANAGEMENT OF SAFEGUARDING

The Junior School's DSL, Catriona Macleod, and the Senior School's DSL, Jane German, are members of the leadership team.

Sue Gurr, Junior School DDSL, and Christopher Morriss, Senior School DDSL, are the persons to whom reports should be made in the absence of the DSL. This ensures there is the required cover for the role at all times.

The DSL and DDSL's contact details can be found on the Key Contacts page at the start of this policy.

The DSL's role is to take lead responsibility for safeguarding and child protection matters in the School. The DSL's responsibility is to maintain an overview of safeguarding within the School, to open channels of communication with local statutory agencies, support staff in carrying out their safeguarding duties and to monitor the effectiveness of the School's policies and procedures in practice. The DSL works with the governors OR proprietor to review and update the School's safeguarding policy. Where a pupil leaves the School, the DSL will also ensure their child protection file is transferred to the new school (separately from the main pupil file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt.

The DSL regularly reviews the School's and their own practices and concerns about welfare and safeguarding matters. This includes the personal and professional duty of all staff to report welfare and safeguarding concerns to the DSL, or in the absence of action, directly to local children's services.

The DSL or Deputy DSL will always be available to discuss safeguarding concerns. During term time, the DSL and/ or DDSL will always be available (during school hours) for staff in the School to discuss any safeguarding concerns. For out of hours/out of term activities, the School's arrangements are to contact the main school office (020 8852 2283) who will be able to direct the call to the appropriate person.

Full details of the DSL's role can be found at Annex B of KCSIE.

Ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility should not be delegated.

TRAINING

Induction and training are in line with advice from the LSCB.

All Staff

All new staff will be provided with induction training that includes:

- the child protection policy;
- the role and identity of the DSL(s) and any DDSL
- the behaviour policy
- the staff code of conduct including the School's whistleblowing procedure and the acceptable use of technologies policy, staff/pupil relationships and communications including the use of social media
- the safeguarding response to children who go missing from education;
- a copy of Part one of *KCSIE*
- School leaders and staff who work directly with children will also be required to read Annex A of *KCSIE (and Part five of KCSIE)*.

Copies of the above documents are provided to all staff during induction

Temporary staff and volunteers are provided with the above documents as well.

All staff are also required to:

- Read Part one of *KCSIE* and confirm that they have done so. Each time Part One of *KCSIE* is updated by the Department for Education, staff will be updated on the changes via email.
- Understand key information contained in Part one of *KCSIE*. The School will ensure staff understanding by insisting that they attend training and answer questions on the day after training, also to sign to confirm attendance.
- Receive training in safeguarding and child protection regularly, in line with advice from the LSCB, namely Greenwich. Training will include online safety and harmful sexual behaviours. It will also include Prevent awareness training to equip staff to raise concerns appropriately by ensuring all staff have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas; and know how to refer children and young people for further help.
- Undertake regular informal updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. The School provides these via, for example, emails and staff meetings.

DSL(s)

The DSL receives updated child protection training at least every two years to provide them with the knowledge and skills required to carry out the role. This includes local inter-agency working protocols, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, record keeping and promoting a culture of listening to children and training in the LSCB's approach to *Prevent* duties and harmful sexual behaviours. Further details of the required training content for the DSL are set out in Annex B of *KCSIE*.

In addition to their formal training, the DSL's knowledge and skills are updated at least annually to keep up with any developments relevant to their role.

The DDSLs are trained to the same level as the DSLs.

OVERSIGHT OF SAFEGUARDING, INCLUDING ARRANGEMENTS FOR REVIEWING POLICIES AND PROCEDURES

Richard Russell is the board-level lead designated to take a lead in relation to responsibility for the safeguarding arrangements in the School. They are a member of the governing body.

A review of the School's child protection policies takes place at least annually, including an update and review of the effectiveness of procedures and their implementation. The DSL will present an annual

report to governors, citing statistics and anonymised cases in order that they can monitor the effectiveness of our safeguarding procedures and practices. The School draws on the expertise of staff, including the DSLs, in shaping the School's safeguarding arrangements and policies.

If there has been a substantiated allegation against a member of staff, the School will work with the Local Authority designated officer to determine whether there are any improvements to be made to the School's procedures or practice to help prevent similar events in the future.

THE SCHOOL'S ARRANGEMENTS TO FULFIL OTHER SAFEGUARDING RESPONSIBILITIES

Teaching children how to keep safe

The governing body ensures that all pupils are taught about safeguarding, including online, through the curriculum and PSHEE to help children to adjust their behaviours in order to reduce risks and build resilience, including to radicalisation. This includes teaching pupils about the safe use of electronic equipment and the internet and the risks posed by adults or young people, who use the internet and social media to bully, groom, abuse or radicalise other people, especially children, young people and vulnerable adults.

Internet safety is an integral part of the School's curriculum and also embedded in PSHEE and sex and relationships education (SRE).

The School has appropriate filters and monitoring systems in place to safeguard children from potentially harmful and inappropriate material online. The School's systems, which may change from time to time include: application whitelisting (certain types of files are blocked); Iboss and Libra EVSA. Such systems aim to reduce the risk of children being exposed to illegal, inappropriate and harmful materials online; reduce the risk of children being subjected to harmful online interaction with others; and help manage online behaviour that can increase a child's likelihood of, or causes, harm. Further detail of the School's approach to online safety can be found in the School's Acceptable use Policy.

Looked after children

The governing body ensures that staff have the skills, knowledge and understanding necessary to keep safe any children on roll who are looked after by a local authority.

The DSLs are the designated members of staff responsible for their welfare and progress. The School ensures that the designated member of staff receives appropriate training in order to carry out their role.

Arrangements for Visiting Speakers

The School has clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable. The School's responsibility to pupils is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the School and British values.

The School is required to undertake a risk assessment before agreeing to a Visiting Speaker being allowed to attend the School. This will take into account any vetting requirements considered appropriate in the circumstances, and may include a DBS check if relevant.

Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine these. In some cases, the School may request a copy of the Visiting Speaker's presentation and/or footage in advance of the session being provided.

Visiting Speakers, whilst on the School site, will be supervised by a school employee. On attending the School, Visiting Speakers will be required to show original current identification documents including a photograph such as a passport or photo card driving licence. The School shall also keep a formal register of visiting speakers retained in line with its Data Protection Policy.

See Appendix 2

EARLY YEARS PROVISION SAFEGUARDING ARRANGEMENTS

Use of mobile phones and cameras

The School's policy on the use of mobile phones and cameras in the setting can be found in the School's Pupils Acceptable Use Policy.

Photography and video of pupils will be taken by staff for internal and external promotional use (Notice of Objection to school use of photography and video of a pupil must be provided in writing to the Director of Admissions and Communications). We may use external photographers / video for professional shots and videos under the direction of the Dir of Admissions and Communications. Photographs will only be taken by designated staff member/s. Where photographs are taken by staff to give evidence of children's progress, photos can only be taken on school cameras. They must then be downloaded onto school computers, where they will be monitored. Photos cannot be used or passed on outside the school. NO photos must be taken on a member of staff's personal electronic devices.

In the Junior school mobile phones are not permitted to be used anywhere within the junior school buildings with the exception of school owned technology which is monitored. There must be no photography with in the swimming pool area and at school productions, which we will have filmed and a photographer present. Video/ photographic images of pupils can be taken by parents, carers or relatives at school events with in the grounds, on the basis that they are for private retention and not for publication in any manner, including use on personal websites.

Staff who wish to use take photographs or video of pupils (whether on a personal or school device) must first speak with the Head to obtain their approval before taking any image of a pupil. Staff who wish to use their personal mobile devices or cameras in school for any other reason must first speak with the Head. Staff who act in breach of this may be subject to disciplinary action. Parents are not permitted to use their mobile phones or camera in or around the EYFS setting without prior approval from the Head.

DSL for the EYFS

The practitioner designated to take lead responsibility for safeguarding children in the early years' settings is Catriona Macleod.

Duty to notify Ofsted

The School will inform Ofsted of any significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises where childcare is provided. For example, where the School is satisfied that a person working in a relevant setting falls within one of the disqualification criteria. Any significant event must be notified to Ofsted as soon as reasonably practicable, but at the latest within 14 days of the date the School became aware (or ought reasonably to have become aware) of it.

The School will notify Ofsted within 14 days of any allegations of serious harm or abuse by any person living, working or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere).

APPENDIX 1 –SIGNS AND TYPES OF ABUSE

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious harmful and abusive behaviour (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Sexual abuse also includes sexual violence and sexual harassment which can occur between two children of any sex. They can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence are sexual offences under the Sexual Offences Act 2003, such as rape, sexual assault and assault by penetration. Sexual harassment is 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual harassment is likely to violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Sexual harassment can include sexual comments, such as telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names; sexual "jokes" or taunting; physical behaviour, such as deliberately brushing against someone, interfering with someone's clothes and displaying pictures, photos or drawings of a sexual nature; and online sexual harassment, which might include non-consensual sharing of sexual images and videos and sharing sexual images and videos (both often referred to as sexting); inappropriate sexual comments on social media; exploitation; coercion and threats. Online sexual harassment may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Specific safeguarding issues: behaviours linked to drug taking, alcohol abuse, truancy and sexting put children in danger. Safeguarding issues can also manifest themselves via peer-on-peer abuse, such as harmful and abusive behaviours (bullying, including cyberbullying), gender-based violence/sexual

assaults and sexting. Safeguarding issues can also be linked to, for example, children missing education; child sexual exploitation; domestic violence; fabricated or induced illness; faith abuse; female genital mutilation; forced marriage; gangs and youth violence; gender-based violence / violence against women and girls; hate; mental health; preventing radicalisation; relationship abuse; sexting; and trafficking.

Child Sexual Exploitation: is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

Child criminal exploitation: county lines: Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism 98 should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Domestic abuse: The cross-government definition of domestic violence and abuse is:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

Advice on identifying children who are affected by domestic abuse and how they can be helped is available at: <https://www.nspcc.org.uk/preventing-abuse/child-abuse-and-neglect/domestic-abuse/signs-symptoms-effects/>

So Called 'Honour Based' Violence: encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including **Female Genital Mutilation (FGM)**, forced marriage, and practices such as breast ironing.

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. Information on when and how to make a report can be found at: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/573782/FGM_Mandatory_Reporting_-_procedural_information_nov16_FINAL.pdf .To give an example of indications that a girl has already been subjected to FGM:

- A pupil may have difficulty walking, sitting or standing and may even look uncomfortable.
- A pupil may have frequent urinary, menstrual or stomach problems or spend longer than normal in the bathroom due to difficulties urinating.
- There may be prolonged or repeated absences from school and/or noticeable behaviour changes (e.g. withdrawal or depression) on the pupil's return.
- A pupil is reluctant to undergo medical examination.

If staff have a concern that a pupil may be at risk of FGM, they should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with Police and Children's Social Care. If in any doubt, staff should speak to the DSL.

There is a statutory duty on teachers to personally report to the Police where they **discover** (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve children's social care as appropriate. If the teacher is unsure whether this reporting duty applies, they should discuss their concerns with the DSL in accordance with this policy. Where a teacher suspects that a pupil is at risk (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence or it involves a pupil over 18, teachers should follow the School's local safeguarding procedures.

Forced Marriage: Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. There are a range of potential indicators that a child may be at risk of forced marriage, details of which can be found on pages 13-14 of the Multi-agency guidelines: Handling cases of forced marriage. School staff can also contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.

Radicalisation: Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. It can also call for the death of members of the armed forces, whether in this country or overseas.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an

answer. The internet and the use of social media in particular have become major factors in the radicalisation of young people. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include making a referral to the Channel programme.

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard¹⁰³ to the need to prevent people from being drawn into terrorism".¹⁰⁴ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the Revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76 which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

Additional support

The department has published advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

There is additional guidance: Prevent duty guidance: for further education institutions in England and Wales that applies to colleges.

Educate Against Hate, a website launched by the Her Majesty's Government has been developed to support and equip school and college leaders, teachers, and parents with information, tools and resources (including on the promotion of fundamental British values) to help recognise and address extremism and radicalisation in young people. The platform provides information on and access to training resources for teachers, staff and school and college leaders, some of which are free such as Prevent e-learning, via the Prevent Training catalogue.

Channel

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: Channel guidance, and a Channel awareness e-learning programme is available for staff at: Channel General Awareness.

The school or college's Designated Safeguarding Lead (and any deputies) should be aware of local procedures for making a Channel referral. As a Channel partner, the school or college may be asked to attend a Channel panel to discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required.

Peer on peer abuse

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to) harmful and abusive behaviour (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals.

Sexual violence and sexual harassment between children in schools and colleges

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

What is Sexual violence and sexual harassment?

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent? Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
 - non-consensual sharing of sexual images and videos;
 - sexualised online harmful or abusive behaviour;
 - unwanted sexual comments and messages, including, on social media; and
 - sexual exploitation; coercion and threats

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

As is always the case, if staff are in any doubt as to what to do they should speak to the Designated Safeguarding Lead or Deputy.

Special Educational Needs and/or Disabilities: Pupils with SEND may not outwardly show signs of abuse and/or may have difficulties in communication about abuse or neglect.

These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability without further exploration;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as harmful and abusive behaviour, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

Staff will support such pupils in expressing any concerns they may have and will be particularly vigilant to any signs or indicators of abuse, discussing this with the DSL as appropriate.

Lesbian, Gay, Bi or Trans (LGBT): Children who are LGBT can be targeted by their peers. In some cases, a pupil who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT

Children who go missing from school: A child going missing from school is a potential indicator of abuse or neglect. Staff must follow the School’s procedures for dealing with children who go missing, particularly on repeat occasions. The School’s procedure for dealing with children who go missing can be found in the School’s Missing Child Policy. All unexplained absences will be followed up in accordance with the Missing Child Policy.

The School shall inform the local authority of any pupil who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended). This will assist the local authority to:

- a) fulfil its duty to identify children of compulsory school age who are missing from education; and
- b) follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation.

School attendance registers are carefully monitored to identify any trends. The School will inform the local authority and the local authority where the child is normally resident, of any pupil who fails to attend school regularly, or has been absent without the School's permission for a continuous period of 10 school days or more.

Action should be taken in accordance with this policy if any absence of a pupil from the School gives rise to a concern about their welfare.

RELATED CHILD PROTECTION POLICIES

These policies are available upon request from the Headmaster's EA.

- Educational Visits Policy
- Health and Safety Policy
- Missing Child Policy
- Safer Recruitment Policy
- ICT Acceptable Use Policy
- Restraint Policy
- First Aid Policy
- Harmful and Abusive Behaviours (Anti-bullying) Policy
- Intimate Care Policy (Junior)
- Behaviour Management Policy
- Attendance Policy
- Alcohol and Illegal Drugs Policy

Appendix 2

Colfe's School

Working with School Visitors

Safeguarding Checklist

Colfe's School works with a multitude of external staff and visiting speakers to help us deliver a range of support and/or additional learning opportunities which will enable our students to develop and reach their potential.

Any outside agencies/partners /consultants will be expected to provide proof of identification on the request of a Colfe's School member of staff.

The following checklist must be completed prior to an outside agencies/partners/consultants/visiting speaker working with students at Colfe's School.

Instructions on how to complete this form:

- 1. Please complete the form on pages 1 and 2 for each visiting speaker or group to the school who will have interaction with our students.**
- 2. You must provide the visitors with a copy of the Child Protection policy and Keeping Children Safe in Education (part 1) to the visitor prior to their arrival. Both documents can be found on the T drive.**
- 3. Details of controls / risk assessment undertaken is required if any of the following questions are answered No.**

Details of Event:	
--------------------------	--

Name of Visitor(s):			
Name of the External Organisation:			
Lead Colfe's School Contact person:			
Date(s) visitor will be in school:			
Duration of Project/Meeting/Visit and exact times when visitor(s) will be in school:			
Key Information	Yes(v) No(X)	Comment (required if question is answered no)	Signature and Date
1. Will the organisation be briefed about the Colfe's School Child Protection Policy?			
2. Have you checked for any recent published reports, statements or speeches made by the individual(s), and are you satisfied that the content is not in any way contrary to school policy or the ethos of inclusion in the school? Are you satisfied that no statements have been retracted or apologies publically given? If any concerns exist, staff should refer these to the designated CP lead in the first instance.			
3. Please make a note of the DBS details (within the last three years) if available: - Name of visitor: - DBS number: - Date of Issue:			
4. Will the individual(s) be left alone with students? (If the answer is "yes" your answer to question 2 and 3 should also be yes. If the answer to question 2 or 3 is "no" then the visitor must be accompanied by a member of Colfe's School staff at all times and details of how this will be achieved, entered in the comment box.)			
5. Will the provider be working alongside a member of Colfe's School staff? If Yes who?			
6. Have the organisation / individual(s) been briefed about the school procedures for signing in and signing out, and moving around our site?			

***If No this must be done prior to the organisation / individual(s) working in the school			
7. Have the organisation / individuals given you a copy of their own safeguarding /Child Protection Policy? ***If No consideration should be given as to whether this is required.			

What happens now?

Give a copy of the completed Checklist to Anna Ross (Senior School) or Catriona Macleod (Junior School*).

*A copy of the completed form should be given to Anna Ross in the Bursary so details of the visitor can be recorded in the Central Register.
